

LOCALITY PLANNING ENERGY MARKET UPDATE

- Contracted pipeline previous 71 GW now 78.9 GW increased 10%
- 14 new strata communities signed during the period 1 June 2016 to 30 June 2016, increasing the contracted pipeline at 131 communities
- Energy contracts under management increased from 53 to 62 contracts, an increase of 14.5%.
- Strong industry validation with LPE partnering with Urban Development Institute of Australia (UDIA) QLD as Institute Partner representing the energy sector state-wide.

Locality Planning Energy Holdings Limited (ASX: LPE) (the Company) is pleased to present an update on its strong contract, revenue and pipeline momentum for the period 1 June 2016 to 30 June 2016 and to present a New Investor Presentation slide deck, for the upcoming investor roadshow beginning the week of 18th July 2016.

Strong contract, revenue and pipeline momentum

During the period, 9 contracts commenced revenue generation an increase to 62 in total, 4 of which transitioned from the contracted pipeline (i.e. 'under contract') to 'under management', and 5 of which were immediately assumed 'under management'.

Strata communities defined as 'under contract' are under a contractual arrangement with LPE and commence revenue generation after an installation period that typically takes 16 weeks, after which they are referred to as energy 'under management'.

Also during the period, an additional 14 new strata communities signed contracts with LPE. Increasing the strong contracted pipeline, LPE has 131 strata communities under contract equivalent to 78.9GW as of 30 June 2016.
